Frequently Used Student Applications

MyCampus provides Mid-State students with a suite of applications. Below are some common ones you'll need to use.

MyMSTC

MyMSTC is a self-service portal where you will access financial aid, your student account, and student administrative systems like transcript requests and course history. You can also access you student email from your MyMSTC portal. Login to MyMSTC with your StudentID (do not add @mstc.edu) and network password.

Blackboard

Blackboard is the learning management system that Mid-State students will use to access their courses. It includes resources such as syllabi, course discussion boards, and instructor contact information. Courses show up in Blackboard the first day of class.

Student Email

Student email is your Mid-State-provided email account. This is how your instructors and college staff will contact you. Please check regularly so you do not miss out on important information.

HelpDesk

The HelpDesk is available 24/7. This portal will allow you to submit a work ticket if you experience an issue with a Mid-State-owned device or accessing an application through MyCampus.

Scholarship Application

The Scholarship portal will allow you to apply for internal and external scholarships during open application windows.

Handshake

Handshake is a great resource to use upon graduation to search for internship opportunities and jobs in your career field.
