

Veterans/National Guard/Reserves Benefits APPLICATION PROCESS FOR EDUCATIONAL BENEFITS

ADMISSION TO MID-STATE

Admission refers to the process of applying for acceptance into a program at Mid-State. Complete the Mid-State APPLICATION process at the college as outlined at mstc.edu, visit a Mid-State Campus at Wisconsin Rapids, Stevens Point, Marshfield or our Adams Center or call 888.575.MSTC. Students applying for Federal Benefits must be accepted into an Associate Degree, Technical Diploma or Veterans Administration (VA) approved program of study. The VA will only pay for courses necessary to graduate from that program.

FEDERAL BENEFITS

If you are a Veteran, National Guard or Reservist entering Mid-State and desiring Veterans Education Benefits under one of the following Chapters:

- (a) **(Chapter 33)** Post 9/11-GI Bill® – effective August 2009
- (b) **(Chapter 30)** Montgomery GI Bill® – Active Duty Educational Assistance Program– service beginning after June 30, 1985.
- (c) **(Chapter 1606)** Montgomery GI Bill® – Selected Reserve Educational Assistance Program. Reservists must first procure his/her “Notice of Basic Eligibility” (NOBE) from assigned unit.
- (d) **(Chapter 31)** Veteran Readiness & Employment or **(Chapter 35)** Survivors and dependent spouses and children. Ask your County Veterans Service Officer for assistance if you feel that you may qualify for either of these two programs. Special forms are needed and special approval is required by the Veterans Administration.

STEP 1> NEW APPLICANTS - complete VA FORM 22-1990, Application for Education Benefits available on the Federal GI Bill® website www.gibill.va.gov/.

TRANSFER STUDENTS – If you received Federal Veterans benefits at another college, complete VA FORM 22-1995 Request for Change of Program or Place of Training and send to the Mid-State veteran benefit contact. Information on transferring military experience can be found here <https://www.mstc.edu/admissions/military-experience-credit>

STEP 2> GET A CERTIFIED DD214 - Visit va.gov to request your military service record (DD214), or contact your County Veterans Service Office for certification of your DD214 and to discuss any additional benefits you may be entitled to. Contact information for your County Veteran Service Office can be found here: [County Veterans](#).

Once the VA receives your Application, they will establish your eligibility. When you receive your **Certificate of Eligibility determination letter**, upload the document when you submit a notification to use benefits form at <https://www.mstc.edu/veterans/veterans-benefits> under Mid-State Veteran benefit request form. This is a school requirement each term. This is not a process to apply for benefits. This notifies the schools' veteran benefit coordinator you would like to use benefits for the term.

If new and using benefits for the first time, upload a copy of the Veterans DD214, Certificate of Eligibility (COE), and marriage license (if spouse), and birth certificate (if child).

STEP 3> ADVANCE PAY REQUEST- Individuals who are first applying for benefits, or who have not used benefits within the past two months, may be eligible to apply for **Advance Pay** requesting payment for the first two months of the term being certified. The VA must receive the application for Advance Pay **at least 30 days prior** to the first day of classes. This does cause a delay in receiving future benefits.

STEP 4> ENROLLMENT VERIFICATION – Mid-State must certify your enrollment based on your class registration.

- Note: 1.** Mid-State must record for the VA start and end dates of individual courses if they do not run the full semester dates. Therefore, at times even though the student is registered as a full-time student for the semester according to credit load, the Veterans Administration will not consider it full-time for benefits because you are not attending all classes during the same weeks.
2. VA requires that the college only certify courses applicable to the VA eligible program of study that the student has chosen at Mid-State.
 3. It is the Veterans responsibility to request transfer of credits at Mid-State for any previous military or college training and the Veterans should notify the Mid-State Certifying Official when transfer has been granted.

STEP 5> STUDENT ENROLLMENT VERIFICATION- once the semester has started, Veterans receiving Chapter 30 and Chapter 1606 must verify their enrollment at the end of each month by using <https://www.gibill.va.gov/wave/index.do> or by calling 1-877-823-2378. Chapter 33 students must also verify their enrollment at the end of the month by calling 888-442-4551. Students using Chapter 35, and enrolled in an NCD program will also have to verify enrollment by calling 888-442-4551, option 1.

STEP 6> CHANGES IN ENROLLMENT- By law, all changes must be reported to the VA by the college.

Notify the veteran benefits contact if there is a change in program, withdrawal from course or college, enrollment in courses not toward degree requirements, change of address, course substitutions, or concurrent enrollment at Mid-State and another college. Failure to do so may cause a debt between you, the VA and school.

STEP 7> PAYMENT-If you are receiving a monthly benefit under Chapter 30, Chapter 1606, or Chapter 35, your first payment should arrive 4-6 weeks after the first day of classes, or later if you apply for certification after classes begin. Qualifying pay rates and payment dates are available only through direct contact with the Department of Veterans Affairs at <https://www.gibill.va.gov/> or call 1-888-442-4551. Tuition and fees under Chapter 33-Post 9/11 are only deferred after receiving a copy of the Certificate of Eligibility. Monthly Veterans benefit payments are sent directly to the student's address or personal account. Books cannot be charged to any veterans benefit unless authorized through Chapter 31- Veteran Readiness & Employment.

STEP 8> STANDARDS OF PROGRESS-All students receiving veteran benefits must maintain a cumulative grade point average of a 2.0. Failure to do so will result in the student being placed on probation. Failure to achieve the minimum 2.0 GPA for two consecutive semesters will require notification to the VA and may result in repayment of federal benefits. For Chapter 33, any "unearned F" grades where a student stops attending class before the specified class end date, may be subject to debt by both the school and the VA.

STEP 9> OVERPAYMENT-The law requires that VA must collect all benefits paid to a recipient for a course for which the grade assigned is not used in computing the requirements for graduation, including a course from which the recipient withdraws, unless there are mitigating circumstances. This means if you drop a course or withdraw, the Veteran may be required to repay all the money paid to them for pursuit of the course or courses, from the start of the term, not merely from the date the course was dropped or the student withdrew from school. The VA will withhold future benefits and apply them to your debt; may add interest charges and collection fees to the debt; may turn it over to a collection agency, may withhold federal tax refunds or withhold other VA program benefits.

STATE BENEFITS

WI GI BILL® TUITION REMISSION- Who is eligible?

VETERANS - Wisconsin veterans who entered active military duty as a Wisconsin resident may receive a remission of 100% of the program fees (tuition) and material fees.

To be eligible, the spouse or child of the eligible veteran must be a Wisconsin resident. Spouses are only eligible for a set time period following the death or disability of the veteran. There are some limitations to the total number of credits and semesters covered. Children are eligible until the age of 26.

Requirement to switch to Post 9/11 GI Bill Effective January 2010

Veteran students who are eligible for the federal Post 9/11 GI Bill® will be required, according to the 2009-11 State of Wisconsin Biennial Budget, to use their Post 9/11 GI Bill before using any WI GI Bill® benefits. Veterans who are eligible for the Post 9/11 GI Bill® and choose to use their other federal veteran education benefits will not qualify for any presumed tuition remission or supplemental stipend payment under the WI GI Bill. For veterans entering the military after August 1, 2011, Post 9/11 will be the sole eligibility.

STEP 1> APPLICATION - The application process is two-fold. <https://dva.wi.gov/pages/educationemployment/wisconsin-gi-bill.aspx>.

CONTINUED ELIGIBILITY – WI GI BILL®

As of January 1, 2014, you must have at least a 2.0 cumulative GPA to qualify for any benefits under the WI GI Bill® program. This means that if your cumulative GPA is not at least 2.0 as of January 1, 2014, you will not qualify for tuition remission, and you will be responsible for any/all costs associated with attending classes. If you receive a supplemental payment, you will not qualify for this benefit.

After January 2014, you must have a cumulative 2.0 GPA at the beginning of any semester in which you register for classes or you will not qualify for any WI GI Bill® benefits.

If you lose your WI GI Bill® eligibility because of your GPA but later improve your cumulative GPA to at least 2.0, you will be able to use the WI GI Bill during the next semester that you enroll in classes.

The GPA requirement applies to everyone using the WI GI Bill® including veterans and those spouses and dependents eligible for the program as a result of their relationship with a veteran who service qualifies for WI GI Bill®.
