# 94% of MSTC's 2002 Graduates are Employed!

## Graduate Follow-Up Survey & Report

The report includes information about the successes of MSTC's 2002 graduates. The information was compiled based on mail and telephone surveys conducted from September 2002 through January 2003. The survey was completed by 498 of the 683 students who graduated in 2002 for a response rate of 73%. (The statistical data presented represents information gathered from students who graduated between July 1, 2001 and June 1, 2002.)

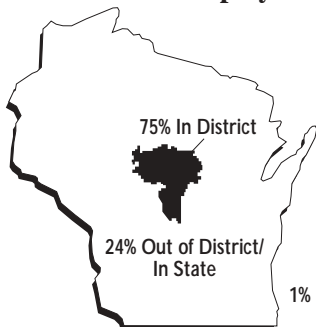

Salary figures are based on those respondents who report being employed full-time (35 hours or more) in occupations related to their training. The median salary reflects the midpoint of salaries reported for each career program.
