Nursing Program Procedures

Please read these important details

- A Caregiver Background Check (CBC) is required by state law for all nursing students attending a clinical site.

  *Each clinical agency has the right to deny a student entrance based on conviction record. If a clinical agency denies a student entry MSTC will check one additional clinical placement. If unable to place the student in a clinical agency after two attempts, the student will be withdrawn from the clinical course.

- Once in the nursing program core courses, the student must maintain a cumulative GPA of 2.00 or higher. In all nursing core courses the student must achieve and 80% test average and 80% course average in order to pass.
