What is MyCampus?
The MyCampus Application is your one-stop website for accessing all your important MSTC Applications. You no longer have to remember multiple URLs, usernames, or passwords for these applications. In addition, the MyCampus Application allows you to change your MSTC network password or reset a forgotten password!

NOTE: Once you change your domain password (MSTC network account password) using MyCampus, you will use the new password to log into Blackboard, computers on MSTC campuses, and Office 365.

Changing your MSTC Network Password / Forgotten Password (Off Campus, Must have enrolled prior to using.)

Option 1: From the MyCampus Application Login Screen

- Click the **Forgot Password** link located below the Login/password fields on the Login screen.
- Enter your MSTC Network Id (Student Id Number) as your Username.
- Click Submit.

- Select the appropriate recovery method (cell or email)
- Check your phone or personal email for the provided challenge verification code.
- Enter the code and click submit.
Reset your password
Please provide additional information to aid in the recovery process.

Select a verification option.

- Click OK.
- You will then be required to enter your new password. Type your new password. *Passwords must meet the MSTC Network password requirements.*
- Type your password again in the second box to verify.
- Click OK.
- Upon resetting your password, you will receive an email confirming the reset.

Option 2 (Must know your password): While logged into the MyCampus Application

NOTE: Passwords must meet the MSTC Network password requirements.

- Hover over the word Menu on the upper right-hand corner of the screen. A drop-down menu will appear.
- Click on Control Panel from the list.

Confirm your current network password.

The following window will allow you to create a new password.

Click Change Now
- Type your current password.
- Type your new password.
- Type your password again in the second box to verify.
- Click Update.

**Important Note:** Resetting this password will change your MSTC Network login password. If changed, you will need to use the NEW password the next time you log onto the MSTC network.

You may also update the Account Recovery Settings from the menu.

- To see your previous responses, click the Get Started button to reveal the answers you created for the recovery options.
- You may change any or all of the recovery options (email and/or phone).
- When finished, Click Update.

**Account Recovery Settings**
Control your password and account access.

- **Email Recovery**
- **Phone Recovery**

Verification methods can be used to make sure it's really you signing in or to reach you if suspicious activity is detected in your account.
