Atrium Health and Senior Living offers residents of Central Wisconsin a variety of choices for post acute care and senior living services. We have been a part of the community for more than a decade, offering an innovative, comprehensive approach to care and a commitment to hospitality that has welcomed many residents from across the state. Our centers are located throughout 12 counties in Wisconsin.

Our centers and communities offer post acute care, long term care, memory care, hospice care, rehabilitation, respite programs, assisted senior living as well as independent living.

In our post acute care centers, licensed therapists are available seven days a week to provide state-of-the-art programs in the areas of physical, occupational and speech therapy. Our clinically-focused care helps minimize the need for additional hospital stays and establishes the foundation for a successful transition back home or to a lower level of care.

Visit our website at www.atriumhsl.com to find the Atrium Health and Senior Living post acute care center or senior living community in your area. We welcome the opportunity to schedule a personalized tour at your convenience. Walk-in visitors are always welcome.
