

Mid-State Technical College District PLAN OF REPRESENTATION MARCH 2020

This Plan of Representation is intended to comply with Wisconsin State Statutes (38.10(2)(c)) and the Wisconsin Administrative Code (Chapter A-V 2.04(2)) governing the appointment of technical college Board members.

Demographics of the Mid-State Technical College District

The Mid-State Technical College District comprises the following areas: Wood County; Portage County (less the portion of the Wild Rose, Rosholt, Iola and Waupaca school districts); Adams County (less the portion of the Wisconsin Dells school district); and the portion of Clark, Jackson, Juneau, Marathon and Waushara counties that include the following school districts: Adams-Friendship, Almond, Auburndale, Granton, Marshfield, Pittsville and Tri-County (Plainfield).

Appendix A lists the eight counties with territory in the Mid-State Technical College District and the estimated 2019 district population by county.

Appendix B depicts the twelve school district boundaries that define the service area of the Mid-State Technical College District.

Appendix C depicts the 2019 district population estimates by race/ethnicity for the Wisconsin Technical College System.

Composition of the Mid-State Technical College Board

As required by Wisconsin Statutes 38.08(1)(a), the Mid-State Technical College District Board of Directors is comprised of nine members who are residents of the district, including two employers who have power to employ or discharge, two employees who do not have power to employ or discharge, three additional members (members-at-large), one elected official and one school district administrator. As further required by 38.08(1)(a), the employer and employee members of the Board are representative of the various businesses and industries in the district, the school district administrator member is employed by a school board of a school district within the Mid-State District and one member of the Board is an elected official of a governmental unit within the district. No two members of the Board are officials of the same governmental unit, nor is any Board member a member of the school board that employs the school district administrator member.

Appendix D documents this compliance with the statutes. It lists the Board members and their counties of residence, shows their places of employment, indicates their categories of Board membership and the expiration of their terms and identifies the elected official.

District Board Appointment Plan

Membership of the Mid-State Technical College District Board of Directors shall equally represent the general population distribution within the district as well as the distribution of women and minorities within the district. Equal consideration shall be given to these factors in making appointments to the Board.

Appendix E forms the basis for making Board appointments that gives equal consideration to the factors outlined above. It divides the total district population by seven Board members (the elected official and school district administrator members are not included) to determine the average number of constituents each Board member shall represent. This figure is used as the basis for dividing the district into three areas of representation and for assigning appropriate numbers and categories of Board members to each area. *Appendix E* also shows the percentage of males, females and minorities within the district to provide a basis for the appointment of Board members that equally represents women and minorities.

Representation is, therefore, proposed as follows:

- * From the portion of the district that includes Wood, Jackson, Clark and Marathon counties (Representation Area No. 1): three members, consisting of any combination representing employers, employees, additional members, school district administrators or an elected official.
- * From the portion of the district that includes Portage County (Representation Area No. 2): three members, consisting of any combination representing employers, employees, additional members, school district administrators or an elected official.
- * From the portion of the district that includes Adams, Juneau, and Waushara counties (Representation Area No. 3): one member representing employers, employees, additional members, school district administrators or an elected official.
- * From one of the twelve school districts located in the Mid-State Technical College District, a school district administrator member.
- * From anywhere in the district, one elected official.

All statutory considerations regarding the composition of district Boards, as outlined above under "Composition of the Mid-State Technical College Board," shall apply.

Representation Proposal for Board Appointment for Terms Beginning July 1, 2020

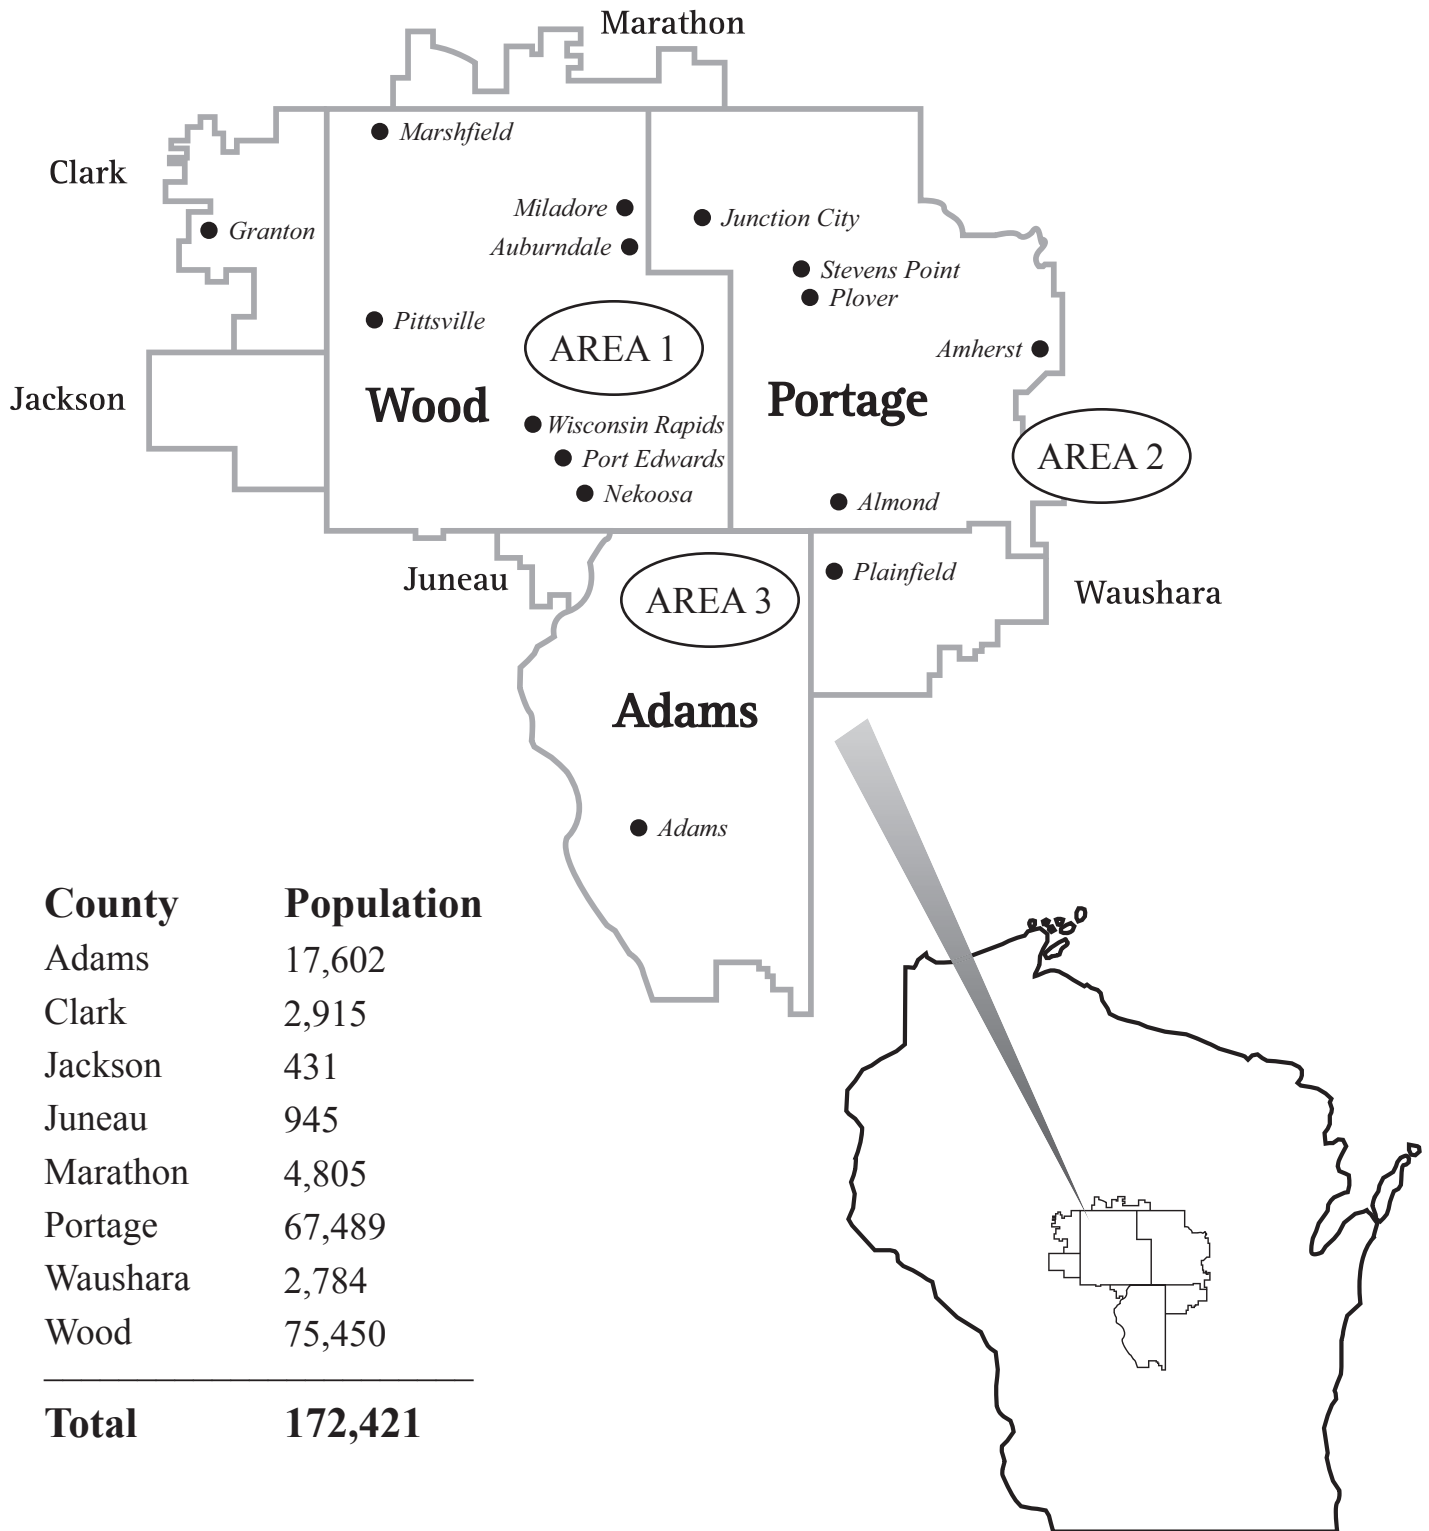

Based on the "District Board Appointment Plan" (previous page), the following appointments shall be made:

- * One additional member from anywhere in the district
- * One additional member from anywhere in the district
- * One elected official member from anywhere in the district
- *

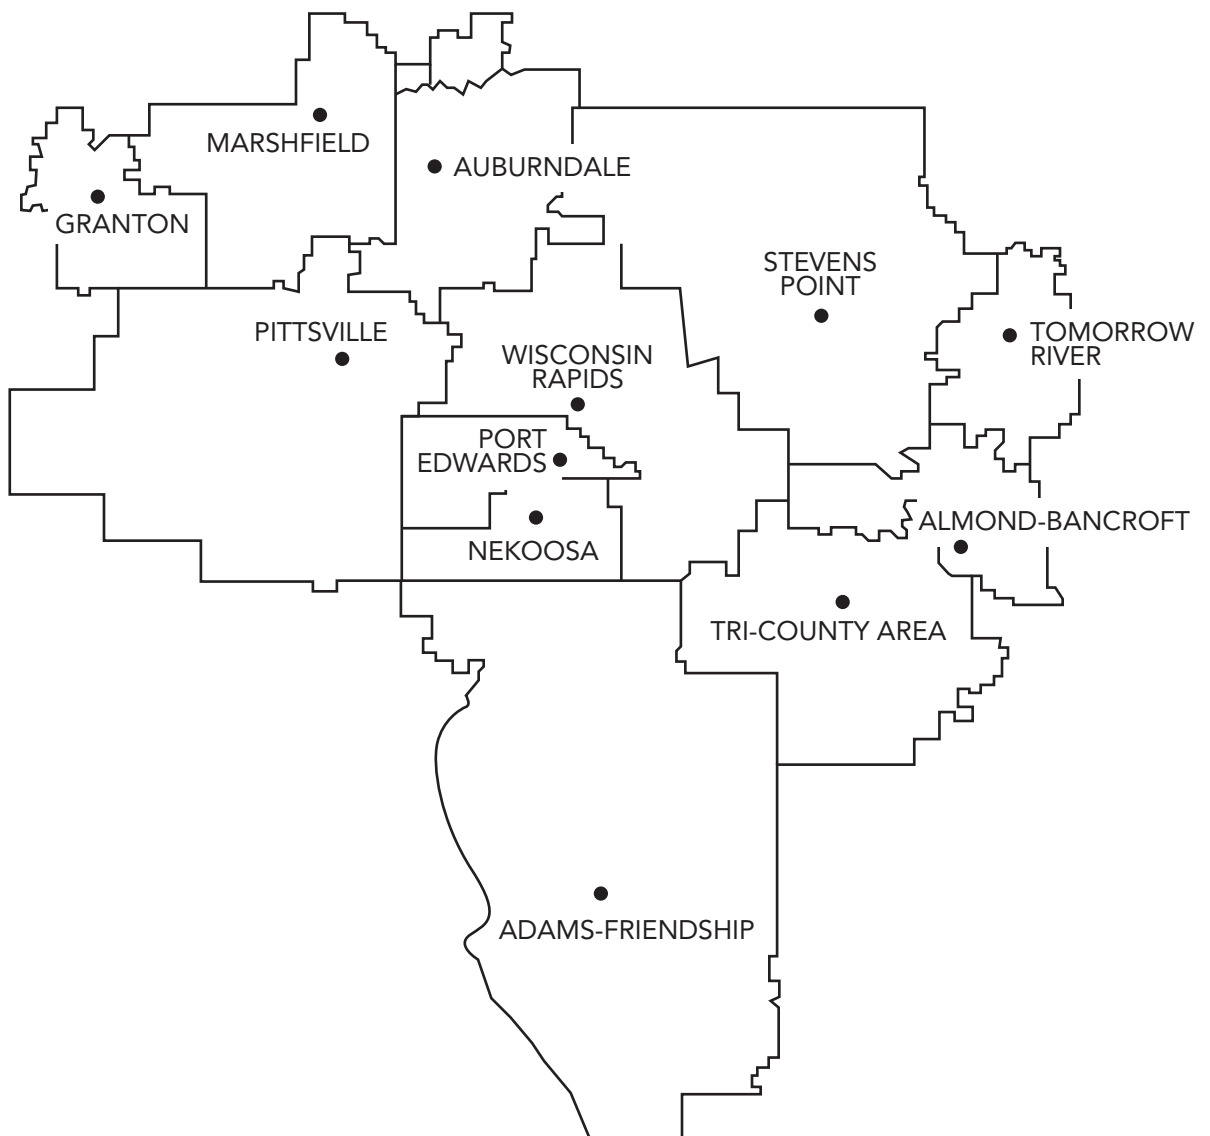

Results of the appointment process shall yield the following geographical distribution of Board members:

- * Representation Area Number 1 - 3 Members
- * Representation Area Number 2 - 3 Members
- * Representation Area Number 3 - 1 Member
- * District-wide Representation - 2 Members
