

# EARLY CHILDHOOD PROFESSIONAL

## Technical Diploma Program Code: 31-307-6 Total Credits: 27

The Early Childhood Professional technical diploma prepares individuals to work in a variety of settings. You'll learn to support children in learning early literacy, math, science, art, and music, guided the Wisconsin Model Early Learning Standards. The program's 27 credits seamlessly transfer into Mid-State's Early Childhood Education associate degree. As a student in the program, you'll learn through a combination of hands-on fieldwork in area childcare centers, along with related academic work at the college. The program includes interesting hands-on learning opportunities and practice in an early childhood setting.

## OUTCOMES

Employers will expect you, as an Early Childhood Professional graduate, to be able to:

- Cultivate relationships with children, families, and the community.
- Demonstrate professionalism.
- Integrate health, safety, and nutrition practices.

## TECHNICAL SKILLS ATTAINMENT

The Wisconsin Technical College System (WTCS) has implemented a requirement that all technical colleges measure outcomes attained by students. This requirement is called Technical Skills Attainment (TSA). The main objective of TSA is to ensure graduates have the technical skills needed by employers. Students will be assessed using a portfolio.

---

Students enrolling in the Early Childhood Professional program will have the opportunity to complete coursework toward specific registry credentials, including preschool, infant/toddler, and inclusion.

Students enrolled in field experience courses will combine classroom learning experiences with eight to twelve hours per week of purposeful experience in local early childhood centers working with children from infancy through school age.

## TECHNICAL STANDARDS

A list of specific physical, emotional, and mental tasks needed to function as an early childhood education provider is available at [mstc.edu/programs/early-childhood-professional](http://mstc.edu/programs/early-childhood-professional). Contact the Disability Services coordinator in the Student Services & Information Center to receive assistance.

## PROGRAM PROGRESSION AND COMPLETION

The following requirement must be met in order to progress in the Early Childhood Professional program:

A Criminal Background Check (CBC) through the Wisconsin Department of Justice and Wisconsin Department of Health Services/Department of Children and Families/Bureau of Regulation and Licensing must show no record of crimes that would prevent persons from being employed in an early childhood setting licensed by the Department of Health Services/Department of Children and Families/Bureau of Regulation and Licensing. The background check process will include fingerprinting and will require students to visit a Fieldprint location in order to have their fingerprints scanned. A current list of crimes prohibiting one from being licensed to care for children in Wisconsin can be found at <https://dcf.wisconsin.gov/files/publications/pdf/5206.pdf>.

In order to progress in and successfully complete the program, students must:

- Repeat courses not completed with a “C” or better prior to progressing in core courses or other courses with co- or prerequisites.
- Receive a grade of “C” or better in all courses required for graduation.

Please note that the ability to repeat a course is dependent upon availability of all courses. Students may be required to apply for program re-entry in order to repeat a course within the program’s instructional area.

## FIELD EXPERIENCE-RELATED REQUIREMENT

Prior to placement at a field experience site, students need to pay for a five-year criminal background check/fingerprint and provide documentation of required health work to the Mid-State Technical College Early Childhood Program coordinator. A background check will also be required to be completed on a yearly basis while in the program.

Field experience sites have the right to refuse a student’s placement based on inadequate health records, pending charges, or conviction records. Students with a criminal history may not be able to complete field experience courses. Mid-State will make two attempts to place a student in an appropriate field experience. If Mid-State is unable to place the student after two attempts, the student will be withdrawn from the field experience course and will not be able to advance in the program.

Prior to beginning a field experience students must:

- a. Provide evidence of current CPR/first aid, including infant and toddler.
- b. Provide evidence of current completion certificates for Shaken Baby Syndrome, Sudden Infant Death Syndrome, Mandated Reporter, and Darkness to Light Trainings.

Note: Throughout the field experience course students are required to maintain current completion certificates in each of the above-listed topic areas. In the event that any certificate expires before the student successfully completes the field experience course, the student will be required to complete the necessary training to obtain a valid completion certificate. Any additional cost incurred to update the certificate(s) is the responsibility of the student.

- c. Complete form DCF/F(CFS/0054) Staff Health Report-Child Care Provider (revision date R02/2009).
- d. Successfully complete Wisconsin Early Learning Standards training.
- e. Meet the identified Technical Standards necessary to be successful in field experience placement.
